Title: Interfacial stabilization using complexes of plant proteins and polysaccharides

Authors: Xiufeng Li, Renko de Vries

PII: S2214-7993(18)30026-2
DOI: <https://doi.org/10.1016/j.cofs.2018.05.012>
Reference: COFS 378

To appear in:

Please cite this article as: Li X, de Vries R, Interfacial stabilization using complexes of plant proteins and polysaccharides, *Current Opinion in Food Science* (2018), <https://doi.org/10.1016/j.cofs.2018.05.012>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Interfacial stabilization using complexes of plant proteins and polysaccharides

Authors:

Xiufeng Li¹, Renko de Vries^{1,*}
