Accepted Manuscript

Contractile effect of rifaximin on bovine uterus in the presence of steroid hormone antagonists

R.L. Sciorsci, M. Piccinno, A. Rizzo

PII: S0093-691X(17)30639-8

DOI: 10.1016/j.theriogenology.2017.12.049

Reference: THE 14419

To appear in: Theriogenology

- Received Date: 22 September 2017
- Revised Date: 19 December 2017
- Accepted Date: 31 December 2017

Please cite this article as: Sciorsci RL, Piccinno M, Rizzo A, Contractile effect of rifaximin on bovine uterus in the presence of steroid hormone antagonists, *Theriogenology* (2018), doi: 10.1016/j.theriogenology.2017.12.049.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
