## **Accepted Manuscript**

Recent advances in tools and technologies for monitoring and controlling ovarian activity in marsupials

Ryan R. Witt, John C. Rodger

PII: S0093-691X(17)30595-2

DOI: 10.1016/j.theriogenology.2017.12.006

Reference: THE 14376

To appear in: Theriogenology

Received Date: 1 December 2017

Accepted Date: 1 December 2017

Please cite this article as: Witt RR, Rodger JC, Recent advances in tools and technologies for monitoring and controlling ovarian activity in marsupials, *Theriogenology* (2018), doi: 10.1016/j.theriogenology.2017.12.006.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## ACCEPTED MANUSCRIPT

- 1 Title
- 2 Recent advances in tools and technologies for monitoring and controlling ovarian activity in
- 3 marsupials
- 4 Author names and affiliations
- 5 Ryan R. Witt<sup>a</sup> & John C. Rodger<sup>a</sup>
- <sup>a</sup>FAUNA Research Alliance, School of Environmental and life Sciences, The University of
- 7 Newcastle, University Drive, Callaghan NSW 2308, Australia.
- 8 **Corresponding Author**: John Rodger, john.rodger@newcastle.edu.au
