MALT lymphoma: genetic abnormalities, immunological stimulation and molecular mechanism

Ming-Qing Du, Professor

PII: S1521-6926(16)30074-3

DOI: [10.1016/j.beha.2016.09.002](https://doi.org/10.1016/j.beha.2016.09.002)

Reference: YBEHA 964

To appear in: *Best Practice & Research Clinical Haematology*

Received Date: 12 September 2016

Accepted Date: 17 September 2016

Please cite this article as: Du M-Q, MALT lymphoma: genetic abnormalities, immunological stimulation and molecular mechanism, *Best Practice & Research Clinical Haematology* (2016), doi: 10.1016/j.beha.2016.09.002.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**MALT lymphoma: genetic abnormalities, immunological stimulation and molecular mechanism**
