Title: Torquetenovirus Dynamics and Immune-Marker Properties in Patients Following Allogeneic Hematopoietic Stem Cell Transplantation - a Prospective Longitudinal Study

Author: Philipp Wohlfarth, Michael Leiner, Christian Schoergenhofer, Georg Hopfinger, Irene Goerzer, Elisabeth Puchhammer-Stoeckl, Werner Rabitsch

PII: S1083-8791(17)30763-2
DOI: <https://doi.org/doi:10.1016/j.bbmt.2017.09.020>
Reference: YBBMT 54818

To appear in: *Biology of Blood and Marrow Transplantation*

Received date: 3-8-2017
Accepted date: 28-9-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Torquetenovirus dynamics and immune-marker properties in patients
following allogeneic hematopoietic stem cell transplantation - a
prospective longitudinal study**
