Title: Recovery of Pulmonary Function after Allogeneic Hematopoietic Cell Transplantation in Children is Associated with Improved Survival

Author: Ashok Srinivasan, Anusha Sunkara, William Mitchell, Sudeep Sunthakar, Guolian Kang, Dennis C. Stokes, Saumini Srinivasan

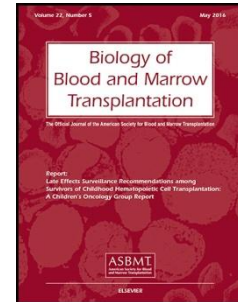

PII: S1083-8791(17)30678-X
DOI: <http://dx.doi.org/doi: 10.1016/j.bbmt.2017.08.025>
Reference: YBBMT 54777

To appear in: *Biology of Blood and Marrow Transplantation*

Received date: 9-5-2017
Accepted date: 23-8-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Recovery of pulmonary function after allogeneic
hematopoietic cell transplantation in children is associated with
improved survival**
