

Author's Accepted Manuscript

Stem cells from apical papilla promote differentiation of human pluripotent stem cells towards retinal cells

Fereshteh Karamali, Mohammad-Hossein Nasr Esfahani, Sara Taleahmad, Leila Satarian, Hossein Baharvand

PII: S0301-4681(17)30119-6
DOI: <https://doi.org/10.1016/j.diff.2018.02.003>
Reference: DIF527

To appear in: *Differentiation*

Received date: 3 October 2017
Revised date: 14 February 2018
Accepted date: 23 February 2018
