

Author's Accepted Manuscript

Nucleolin is expressed in patient-derived samples and glioblastoma cells, enabling improved intracellular drug delivery and cytotoxicity

Joana Balça-Silva, Anália do Carmo, Hermínio Tão, Olinda Rebelo, Marcos Barbosa, Vivaldo Moura-Neto, Ana Bela Sarmento-Ribeiro, Maria Celeste Lopes, João Nuno Moreira

PII: S0014-4827(18)30336-7
DOI: <https://doi.org/10.1016/j.yexcr.2018.06.005>
Reference: YEXCR11069

To appear in: *Experimental Cell Research*

Received date: 3 May 2018
Revised date: 6 June 2018
Accepted date: 9 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Nucleolin is expressed in patient-derived samples and glioblastoma cells, enabling improved intracellular drug delivery and cytotoxicity
