Title: A comparative study of random speckle pattern simulation models in digital image correlation

Author: Guoqing Gu

PII: S0030-4026(15)01040-2

DOI: <http://dx.doi.org/doi:10.1016/j.ijleo.2015.08.271>

Reference: IJLEO 56195

To appear in:

Received date: 20-9-2014

Accepted date: 31-8-2015

Please cite this article as: G. Gu, A comparative study of random speckle pattern simulation models in digital image correlation, *Optik - International Journal for Light and Electron Optics* (2015), <http://dx.doi.org/10.1016/j.ijleo.2015.08.271>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
