

Accepted Manuscript

Gene co-expression analysis identifies gene clusters associated with isotropic and polarized growth in *Aspergillus fumigatus* conidia

Tim J.H. Baltussen, Jordy P.M. Coolen, Jan Zoll, Paul E. Verweij, Willem J.G. Melchers

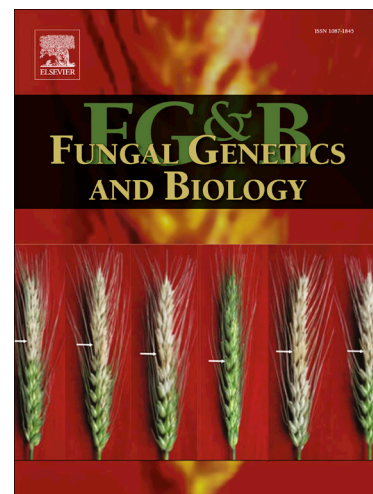

PII: S1087-1845(18)30072-0
DOI: <https://doi.org/10.1016/j.fgb.2018.04.013>
Reference: YFGBI 3134

To appear in: *Fungal Genetics and Biology*

Received Date: 3 October 2017
Revised Date: 24 April 2018
Accepted Date: 25 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title

Gene co-expression analysis identifies gene clusters associated with isotropic and polarized growth in *Aspergillus fumigatus* conidia
