Polycystin-2-dependent control of cardiomyocyte autophagy

Alfredo Criollo, Francisco Altamirano, Zully Pedrozo, Gabriele G. Schiattarella, Dan L. Li, Pablo Rivera-Mejías, Cristian Sotomayor-Flores, Valentina Parra, Elisa Villalobos, Pavan K. Battiprolu, Nan Jiang, Herman I. May, Eugenia Morselli, Stefan Somlo, Humberto de Smedt, Thomas G. Gillette, Sergio Lavandero, Joseph A. Hill

PII: S0022-2828(18)30065-8

DOI: doi:[10.1016/j.yjmcc.2018.03.002](https://doi.org/10.1016/j.yjmcc.2018.03.002)

Reference: YJMCC 8696

To appear in: *Journal of Molecular and Cellular Cardiology*

Received date: 4 January 2018

Revised date: 2 March 2018

Accepted date: 4 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Polycystin-2-dependent control of cardiomyocyte autophagy
