This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The Epigenetic Landscape of Differentiated Thyroid Cancer

Sylvia L. Asa

Shereen Ezzat

Departments of Pathology and Medicine,

University Health Network,

University of Toronto, Toronto, Ontario Canada

Abbreviated Title: Epigenetics of Differentiated Thyroid Cancer

Key words: Thyroid tumors; papillary thyroid carcinoma; follicular thyroid carcinoma; epigenetics; biomarkers

Number of figures and tables: 1 figure, 1 table
