Depressed mitochondrial function and electron transport Complex II-mediated H₂O₂ production in the cortex of type 1 diabetic rodents

Subir Roy Chowdhury, Jelena Djordjevic, Ella Thomson, Darrell R. Smith, Benedict C. Albensi, Paul Fernyhough

PII: S1044-7431(17)30358-5
DOI: doi:[10.1016/j.mcn.2018.05.006](https://doi.org/10.1016/j.mcn.2018.05.006)
Reference: YMCNE 3318
To appear in: *Molecular and Cellular Neuroscience*
Received date: 8 November 2017
Revised date: 17 April 2018
Accepted date: 22 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Depressed mitochondrial function and electron transport Complex II-mediated H₂O₂ production in the cortex of type 1 diabetic rodents
