

## Accepted Manuscript

Title: Functional dissection and transport mechanism of magnesium in plants

Authors: Zhi Chang Chen, Wen Ting Peng, Jian Li, Hong Liao

PII: S1084-9521(17)30257-4  
DOI: <http://dx.doi.org/10.1016/j.semcd.2017.08.005>  
Reference: YSCDB 2314

To appear in: *Seminars in Cell & Developmental Biology*

Received date: 12-6-2017  
Revised date: 24-7-2017  
Accepted date: 1-8-2017

Please cite this article as: Chen Zhi Chang, Peng Wen Ting, Li Jian, Liao Hong. Functional dissection and transport mechanism of magnesium in plants. *Seminars in Cell and Developmental Biology* <http://dx.doi.org/10.1016/j.semcd.2017.08.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Functional dissection and transport mechanism of magnesium in plants

### Contents

1. Introduction
  2. Functional dissection of Mg in plants
    - 2.1 Chlorophyll synthesis and degradation
    - 2.2 Photosynthetic CO<sub>2</sub> assimilation
    - 2.3 Carbohydrate allocation
    - 2.4 Energy metabolism
    - 2.5 Ribosome aggregation
  3. Mg transport systems in plants
    - 3.1 Mg transporter gene families
    - 3.2 Transporters for Mg uptake, storage and translocation
    - 3.3 Mg transport in response to abiotic stress
  4. Symptoms of Mg deficiency in plants
  5. Conclusions and prospects
- Acknowledgements
- References
