

## Accepted Manuscript

Title: Cadherin-11 promotes neural crest cell spreading by reducing intracellular tension—mapping adhesion and mechanics in neural crest explants by atomic force microscopy

Authors: Carina Blaue, Jubin Kashef, Clemens M. Franz

PII: S1084-9521(17)30335-X  
DOI: <http://dx.doi.org/10.1016/j.semcdb.2017.08.058>  
Reference: YSCDB 2387

To appear in: *Seminars in Cell & Developmental Biology*

Received date: 19-6-2017  
Revised date: 24-8-2017  
Accepted date: 28-8-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# **Cadherin-11 promotes neural crest cell spreading by reducing intracellular tension – mapping adhesion and mechanics in neural crest explants by atomic force microscopy**
