

## Accepted Manuscript

Title: Vascular Endothelial Cell Mechanosensing: New Insights Gained from Biomimetic Microfluidic Models

Authors: Kelsey M. Gray, Kimberly M. Stroka

PII: S1084-9521(16)30297-X  
DOI: <http://dx.doi.org/doi:10.1016/j.semcdb.2017.06.002>  
Reference: YSCDB 2235

To appear in: *Seminars in Cell & Developmental Biology*

Received date: 15-3-2017  
Revised date: 6-6-2017  
Accepted date: 7-6-2017

Please cite this article as: Gray Kelsey M, Stroka Kimberly M. Vascular Endothelial Cell Mechanosensing: New Insights Gained from Biomimetic Microfluidic Models. *Seminars in Cell and Developmental Biology* <http://dx.doi.org/10.1016/j.semcdb.2017.06.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Vascular Endothelial Cell Mechanosensing: New Insights Gained from Biomimetic Microfluidic Models**
