Siglecs: A journey through the evolution of sialic acid-binding immunoglobulin-type lectins

Kim F. Bornhöfft, Tom Goldammer, Alexander Rebl, Sebastian P. Galuska

PII: S0145-305X(18)30139-3

DOI: [10.1016/j.dci.2018.05.008](https://doi.org/10.1016/j.dci.2018.05.008)

Reference: DCI 3170

To appear in: *Developmental and Comparative Immunology*

Received Date: 26 March 2018

Revised Date: 4 May 2018

Accepted Date: 4 May 2018

Please cite this article as: Bornhöfft, K.F., Goldammer, T., Rebl, A., Galuska, S.P., Siglecs: A journey through the evolution of sialic acid-binding immunoglobulin-type lectins, *Developmental and Comparative Immunology* (2018), doi: 10.1016/j.dci.2018.05.008.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Siglecs: A journey through the evolution of sialic acid-binding immunoglobulin-type lectins
