Glucocorticoid receptor selectively mediates stress-induced suppression of innate immunity in the House Sparrow, *Passer domesticus*

Sisi Gao, Pierre J. Deviche

PII: S0145-305X(17)30613-4

DOI: [10.1016/j.dci.2018.03.006](https://doi.org/10.1016/j.dci.2018.03.006)

Reference: DCI 3122

To appear in: *Developmental and Comparative Immunology*

Received Date: 12 November 2017

Revised Date: 7 March 2018

Accepted Date: 7 March 2018

Please cite this article as: Gao, S., Deviche, P.J., Glucocorticoid receptor selectively mediates stress-induced suppression of innate immunity in the House Sparrow, *Passer domesticus*, *Developmental and Comparative Immunology* (2018), doi: 10.1016/j.dci.2018.03.006.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Glucocorticoid receptor selectively mediates stress-induced suppression of innate immunity
