Key pathogenic bacteria associated with dairy foods: on-farm ecology and products associated with foodborne pathogen transmission

Edward M. Fox, Yujun Jiang, Kari S. Gobius

PII: S0958-6946(18)30079-7

DOI: [10.1016/j.idairyj.2018.03.013](https://doi.org/10.1016/j.idairyj.2018.03.013)

Reference: INDA 4299

To appear in: *International Dairy Journal*

Received Date: 22 December 2017

Revised Date: 23 March 2018

Accepted Date: 25 March 2018

Please cite this article as: Fox, E.M., Jiang, Y., Gobius, K.S., Key pathogenic bacteria associated with dairy foods: on-farm ecology and products associated with foodborne pathogen transmission, *International Dairy Journal* (2018), doi: 10.1016/j.idairyj.2018.03.013.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
