Highlights

- Evolution of Teaching Veterinary Parasitology in Portugal since its foundation
- Changes as a result of the Bologna Process
- Reduction of Veterinary Parasitology
- Increased number of Master and PhD students
- Relevance of including research in Parasitology teaching, regardless of challenges

ABSTRACT

Veterinary Education in Portugal began in 1830, but individualised teaching of Parasitology started in 1911 at the Faculty of Veterinary Medicine, University of Lisbon (FMV-ULisboa). Parasitology and Parasitic Diseases were taught in the 3rd
