Process Development and Robust Control of Physical Attributes of an Amorphous Drug Substance

Dimitrios Zarkadas, Christopher S. Pridgen, Vincenzo Liotta

PII: S0022-3549(17)30633-0

DOI: [10.1016/j.xphs.2017.09.010](https://doi.org/10.1016/j.xphs.2017.09.010)

Reference: XPHS 926

To appear in: *Journal of Pharmaceutical Sciences*

Received Date: 7 May 2017

Revised Date: 4 September 2017

Accepted Date: 11 September 2017

Please cite this article as: Zarkadas D, Pridgen CS, Liotta V, Process Development and Robust Control of Physical Attributes of an Amorphous Drug Substance, *Journal of Pharmaceutical Sciences* (2017), doi: 10.1016/j.xphs.2017.09.010.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Process Development and Robust Control of Physical Attributes of an Amorphous Drug Substance**
