Current progress toward a better understanding of drug disposition within the lungs:
summary proceedings of the 1st Workshop on Drug Transporters in the Lungs

Carsten Ehrhardt, Per Bäckman, William Couet, Chris Edwards, Ben Forbes, Markus Fridén, Mark Gumbleton, Ken-ichi Hosoya, Yukio Kato, Takeo Nakanishi, Mikiyoshi Takano, Tetsuya Terasaki, Ryoko Yumoto

PII: S0022-3549(17)30243-5

DOI: [10.1016/j.xphs.2017.04.011](https://doi.org/10.1016/j.xphs.2017.04.011)

Reference: XPHS 733

To appear in: *Journal of Pharmaceutical Sciences*

Received Date: 25 February 2017

Revised Date: 7 April 2017

Accepted Date: 7 April 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
