Current *in vitro* Methods to Determine Hepatic $K_{p_{uu}}$: a Comparison of Their Usefulness and Limitations

Julia Riede, Gian Camenisch, Jörg Huwyler, Birk Poller

PII: S0022-3549(17)30211-3

DOI: [10.1016/j.xphs.2017.03.025](https://doi.org/10.1016/j.xphs.2017.03.025)

Reference: XPHS 703

To appear in: *Journal of Pharmaceutical Sciences*

Received Date: 13 February 2017

Revised Date: 23 March 2017

Accepted Date: 27 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Current *in vitro* methods to determine hepatic K_{pu} : a comparison of their usefulness and limitations
