Chloride ions stabilize the glutamate-induced active state of the metabotropic glutamate receptor 3

Amélie S. Tora, Xavier Rovira, Anne-Marinette Cao, Alexandre Cabayé, Linnéa Olofsson, Fanny Malhaire, Pauline Scholler, Hayeon Baik, Ann Van Eeckhaut, Ilse Smolders, Philippe Rondard, Emmanuel Margeat, Francine Acher, Jean-Philippe Pin, Cyril Goudet

PII: S0028-3908(18)30497-0

DOI: [10.1016/j.neuropharm.2018.08.011](https://doi.org/10.1016/j.neuropharm.2018.08.011)

Reference: NP 7296

To appear in: *Neuropharmacology*

Received Date: 16 May 2018

Revised Date: 25 July 2018

Accepted Date: 9 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
