Food for thought: Leptin regulation of hippocampal function and its role in Alzheimer's disease

Gemma McGregor, Jenni Harvey

PII: S0028-3908(17)30466-5

DOI: [10.1016/j.neuropharm.2017.09.038](https://doi.org/10.1016/j.neuropharm.2017.09.038)

Reference: NP 6882

To appear in: *Neuropharmacology*

Received Date: 18 August 2017

Revised Date: 27 September 2017

Accepted Date: 30 September 2017

Please cite this article as: McGregor, G., Harvey, J., Food for thought: Leptin regulation of hippocampal function and its role in Alzheimer's disease, *Neuropharmacology* (2017), doi: 10.1016/j.neuropharm.2017.09.038.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Food for thought: Leptin regulation of hippocampal function and its role in Alzheimer's disease.
