

Accepted Manuscript

Title: DEM based computational model to predict moisture induced cohesion in pharmaceutical powders

Authors: Raj Mukherjee, Chen Mao, Sayantan Chatteraj, Bodhisattwa Chaudhuri

PII: S0378-5173(17)31128-6
DOI: <https://doi.org/10.1016/j.ijpharm.2017.12.001>
Reference: IJP 17193

To appear in: *International Journal of Pharmaceutics*

Received date: 19-8-2017
Revised date: 17-11-2017
Accepted date: 2-12-2017

Please cite this article as: Mukherjee R, Mao C, Chatteraj S, Chaudhuri B, DEM based computational model to predict moisture induced cohesion in pharmaceutical powders, *International Journal of Pharmaceutics* (2010), <https://doi.org/10.1016/j.ijpharm.2017.12.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

DEM based computational model to predict moisture induced cohesion in pharmaceutical powders
