

## Accepted Manuscript

Title: Impact of non-binder ingredients and molecular weight of polymer binders on heat assisted twin screw dry granulation

Authors: Y. Liu, M.R. Thompson, K.P. O'Donnell

PII: S0378-5173(17)31116-X  
DOI: <https://doi.org/10.1016/j.ijpharm.2017.11.061>  
Reference: IJP 17181

To appear in: *International Journal of Pharmaceutics*

Received date: 7-9-2017  
Revised date: 19-11-2017  
Accepted date: 26-11-2017

Please cite this article as: Liu Y, Thompson MR, O'Donnell KP, Impact of non-binder ingredients and molecular weight of polymer binders on heat assisted twin screw dry granulation, *International Journal of Pharmaceutics* (2010), <https://doi.org/10.1016/j.ijpharm.2017.11.061>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Impact of non-binder ingredients and molecular weight of polymer binders on heat assisted twin screw dry granulation
