

# Accepted Manuscript

Antiviral activity of pyrrole-imidazole polyamides against SV40 and BK polyomaviruses

Terri G. Edwards, Chris Fisher

PII: S0166-3542(18)30012-3

DOI: [10.1016/j.antiviral.2018.02.012](https://doi.org/10.1016/j.antiviral.2018.02.012)

Reference: AVR 4251

To appear in: *Antiviral Research*

Received Date: 6 January 2018

Revised Date: 11 February 2018

Accepted Date: 13 February 2018

Please cite this article as: Edwards, T.G., Fisher, C., Antiviral activity of pyrrole-imidazole polyamides against SV40 and BK polyomaviruses, *Antiviral Research* (2018), doi: 10.1016/j.antiviral.2018.02.012.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Antiviral Activity of Pyrrole-Imidazole Polyamides Against SV40 and BK  
Polyomaviruses

Running Title: Polyomaviruses are Inhibited by Antiviral Polyamides

Terri G. Edwards\* and Chris Fisher\*\*
