Pharmacological intervention of liver triacylglycerol lipolysis: the good, the bad and the ugly

Ariel D. Quiroga, Richard Lehner

PII: S0006-2952(18)30273-9
DOI: <https://doi.org/10.1016/j.bcp.2018.07.005>
Reference: BCP 13188

To appear in: *Biochemical Pharmacology*

Received Date: 30 April 2018
Accepted Date: 9 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Pharmacological intervention of liver triacylglycerol lipolysis: the good, the bad and the ugly
