This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## REVISED manuscript

**Invited submission to the Diamond Jubilee Special Issue of *Biochemical Pharmacol* Leptin induces SIRT1 expression through activation of NF-E2-related factor 2: implications for obesity-associated colon carcinogenesis**

**[Running title:** Leptin-induced Nrf2 activation and SIRT1 expression in colon cancer]
