

## Author's Accepted Manuscript

SKA-31, an activator of endothelial Ca<sup>2+</sup>-activated K<sup>+</sup> channels evokes robust vasodilation in rat mesenteric arteries

Rayan Khaddaj-Mallat, Cini Mathew John, Andrew P Braun

PII: S0014-2999(18)30262-0  
DOI: <https://doi.org/10.1016/j.ejphar.2018.05.006>  
Reference: EJP71788

To appear in: *European Journal of Pharmacology*

Received date: 31 January 2018  
Revised date: 4 May 2018  
Accepted date: 8 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
