Cytotoxic effect of *Kalanchoe flammula* and induction of intrinsic mitochondrial apoptotic signaling in prostate cancer cells

Iván Arias-González, Alejandro M. García-Carrancá, Jorge Cornejo-Garrido, Cynthia Ordaz-Pichardo

PII: S0378-8741(18)30147-8
DOI: <https://doi.org/10.1016/j.jep.2018.04.038>
Reference: JEP11333

To appear in: *Journal of Ethnopharmacology*

Received date: 17 January 2018
Revised date: 14 April 2018
Accepted date: 25 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Cytotoxic effect of *Kalanchoe flammula* and induction of intrinsic mitochondrial apoptotic signaling in prostate cancer cells

Arias-González Iván¹⁺, García-Carrancá Alejandro M.², Cornejo-Garrido Jorge¹, Ordaz-Pichardo Cynthia^{1*}
