

## Author's Accepted Manuscript

Potential engagement of pathways of the resolution of inflammation as mechanism of action for plants on animal models

Anna P. Piovezan  
Mauro Perretti

PII: S0378-8741(17)33079-9  
DOI: <https://doi.org/10.1016/j.jep.2017.11.033>  
Reference: JEP11124

To appear in: *Journal of Ethnopharmacology*  
Revised date: 27 November 2017  
Accepted date: 29
