This study was supported by National Science Foundation of China.

Authors' contributions

Zeng Yunlin Arranged study design and literature research; Wang Yaping was involved in guarantor of integrity of the entire study and manuscript review; Zeng Yunlin and Wang Yaping set up manuscript editing; Chen Xiongbing wrote data acquisition; Hu Wenxu dealt with data analysis; Wang Yaping and Zeng Yunlin was responsible for study concepts; Hu Wenxu dedicated to definition of intellectual content; Zeng yunlin and Jing Pengwei focused on experimental studies; Wang Ziling carried out statistical analysis; Wang Lu mastered manuscript preparation. All authors reviewed and approved the manuscript.
