Accepted Manuscript

Divergent profile between hypothalamic and plasmatic aminopeptidase activities in WKY and SHR. Influence of beta-adrenergic blockade

Isabel Prieto, Ana B. Segarra, Marc de Gasparo, Magdalena Martínez-Cañamero, Manuel Ramírez-Sánchez

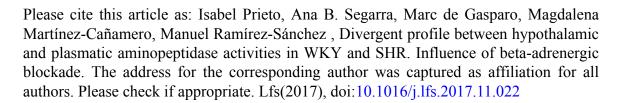

PII: S0024-3205(17)30596-9

DOI: doi:10.1016/j.lfs.2017.11.022

Reference: LFS 15434

To appear in: Life Sciences

Received date: 24 August 2017
Revised date: 6 November 2017
Accepted date: 15 November 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
