

## Accepted Manuscript

Title: Altered microRNA regulation of short chain fatty acid receptors in the hypertensive kidney is normalized with hydrogen sulfide supplementation

Authors: Gregory J. Weber, Jaleyea Foster, Sathnur B. Pushpakumar, Utpal Sen

PII: S1043-6618(18)30743-6  
DOI: <https://doi.org/10.1016/j.phrs.2018.06.012>  
Reference: YPHRS 3919

To appear in: *Pharmacological Research*

Received date: 22-5-2018  
Accepted date: 13-6-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Altered microRNA regulation of short chain fatty acid  
receptors in the hypertensive kidney is normalized with  
hydrogen sulfide supplementation**
