Prolactin Receptor Targeting in Breast and Prostate Cancers: New Insights into an Old Challenge

Vincent Goffin

PII: S0163-7258(17)30128-6
DOI: doi:[10.1016/j.pharmthera.2017.05.009](https://doi.org/10.1016/j.pharmthera.2017.05.009)
Reference: JPT 7079

To appear in: *Pharmacology and Therapeutics*

Please cite this article as: Goffin, V., Prolactin Receptor Targeting in Breast and Prostate Cancers: New Insights into an Old Challenge, *Pharmacology and Therapeutics* (2017), doi:[10.1016/j.pharmthera.2017.05.009](https://doi.org/10.1016/j.pharmthera.2017.05.009)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
