Title: Simultaneous Effects of Endocrine Disruptor Bisphenol A and Flavonoid Fisetin on Progesterone Production by Granulosa Cells

Authors: Alzbeta Bujnakova Mlynarcikova, Sona Scsukova

PII: S1382-6689(18)30036-X
DOI: <https://doi.org/10.1016/j.etap.2018.03.001>
Reference: ENVTOX 2968

To appear in: *Environmental Toxicology and Pharmacology*

Received date: 28-11-2017
Revised date: 28-2-2018
Accepted date: 1-3-2018

Please cite this article as: Mlynarcikova AB, Scsukova S, Simultaneous Effects of Endocrine Disruptor Bisphenol A and Flavonoid Fisetin on Progesterone Production by Granulosa Cells, *Environmental Toxicology and Pharmacology* (2018), <https://doi.org/10.1016/j.etap.2018.03.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Simultaneous Effects of Endocrine Disruptor Bisphenol A and Flavonoid Fisetin on Progesterone Production by Granulosa Cells

Alzbeta Bujnakova Mlynarcikova^a, Sona Scsukova^a
