

## Accepted Manuscript

Title: Mice deficient in aldo-keto reductase 1a (Akr1a) are resistant to thioacetamide-induced liver injury

Authors: Takujiro Homma, Takaya Shirato, Ryusuke Akihara, Sho Kobayashi, Jaeyong Lee, Ken-ichi Yamada, Satoshi Miyata, Motoko Takahashi, Junichi Fujii

PII: S0378-4274(18)30198-X  
DOI: <https://doi.org/10.1016/j.toxlet.2018.05.015>  
Reference: TOXLET 10198

To appear in: *Toxicology Letters*

Received date: 22-1-2018  
Revised date: 1-5-2018  
Accepted date: 11-5-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
