This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

TANGERETIN INHIBITS THE PROLIFERATION OF  
HUMAN BREAST CANCER CELLS VIA CYP1A1/CYP1B1  
ENZYME INDUCTION AND CYP1A1/CYP1B1-MEDIATED  
METABOLISM TO THE PRODUCT 4' HYDROXY  
TANGERETIN
