

## Accepted Manuscript

“Trans-nonachlor increases extracellular free fatty acid accumulation and de novo lipogenesis to produce hepatic steatosis in McArdle-RH7777 cells”

George Eli Howell, Erin McDevitt, Lucie Henein, Charlee Mulligan, Darian Young

PII: S0887-2333(18)30127-9  
DOI: doi:[10.1016/j.tiv.2018.04.003](https://doi.org/10.1016/j.tiv.2018.04.003)  
Reference: TIV 4265

To appear in: *Toxicology in Vitro*

Received date: 27 February 2018  
Revised date: 28 March 2018  
Accepted date: 5 April 2018

Please cite this article as: George Eli Howell, Erin McDevitt, Lucie Henein, Charlee Mulligan, Darian Young , “Trans-nonachlor increases extracellular free fatty acid accumulation and de novo lipogenesis to produce hepatic steatosis in McArdle-RH7777 cells”. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Tiv(2018), doi:[10.1016/j.tiv.2018.04.003](https://doi.org/10.1016/j.tiv.2018.04.003)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**“Trans-nonachlor increases extracellular free fatty acid accumulation and de novo lipogenesis to produce hepatic steatosis in McArdle-RH7777 cells”**

George Eli Howell III\*, Erin McDevitt, Lucie Henein, Charlee Mulligan, and Darian Young
