This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## How many physical therapy sessions are required to reach a good outcome in symptomatic lumbar spondylolisthesis? A retrospective study

	Fill in information in each box below
Article Title	<b>How many physical therapy sessions are required in symptomatic lumbar spondylolisthesis? A retrospective study</b>
MeSH terms – only use MeSH terms that can be found at <a href="http://www.nlm.nih.gov/mesh/meshhome.html">http://www.nlm.nih.gov/mesh/meshhome.html</a>	Low Back Pain, Spondylolisthesis, Physical Therapy
Running head	Physical therapy in symptomatic lumbar spondylolisthesis
Word count for text	2158
Word count for structured abstract	246
Statement of the sources of grant support	No conflicts of interest were reported for this study.
List any present or potential conflict s of interest for all author	NONE

### CORRESPONDING AUTHOR CONTACT INFORMATION

For the <u>corresponding</u> author (responsible for correspondence, proofreading, and reprints)	Fill in information in each box below
First name, middle initial, last name and degrees	Jorge Hugo Villafaña, PhD, MSc, PT.
Email address	<a href="mailto:mail@villafane.it">mail@villafane.it</a>
Postal mailing address	Regione Generala 11/16. Piosasco (10045). Italy
Phone number	+39.011. 9065495 / +39.339.5857563
Fax number	+39.011. 9065495

#### First author

First name, middle initial, last name of author. Include highest academic degree(s)	Silvano Ferrari, PT
Email address	<a href="mailto:silvano.ferrari@fastwebnet.it">silvano.ferrari@fastwebnet.it</a>
Title, academic or professional position	PT
Name of department(s) and institution(s) to which work should be attributed for this author.	Department of Biomedical Sciences, University of Padova, Italy

#### Second author

First name, middle initial, last name of author. Include highest academic degree(s)	Jorge Hugo Villafaña, PhD, MSc
