Acknowledgments

Funding: This research did not receive any specific grant from funding
agencies in the public, commercial, or not-for-profit sectors.

The authors acknowledge Dr Brent Bauer, from Mayo Clinic,
for his decision to submit the manuscript for publication, Wim Dens,
Architect, for the 3D designs of Villa Samson, and Dr Philip Becker,
from St Louis Children's Hospital, for the information on the floor plans
of the Pet Visitation Facility.

Author contributions

Dr Perez-Camargo provided expertise on the design of facilities for
the comfort and environmental enrichment of pet cats and dogs.

Dr Creagan added the data, commentary, and literature review on
the animal-human bond.
