The Beighton score as a predictor of Brighton criteria in sport and dance

Ross Armstrong, Dr Matt Greig

PII: S1466-853X(17)30116-5

DOI: [10.1016/j.ptsp.2018.04.016](https://doi.org/10.1016/j.ptsp.2018.04.016)

Reference: YPTSP 885

To appear in: *Physical Therapy in Sport*

Received Date: 25 March 2017

Revised Date: 8 March 2018

Accepted Date: 18 April 2018

Please cite this article as: Armstrong, R., Greig, D.M., The Beighton score as a predictor of Brighton criteria in sport and dance, *Physical Therapy in Sports* (2018), doi: 10.1016/j.ptsp.2018.04.016.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The Beighton score as a predictor of Brighton criteria in sport and dance**

Running Head: The Beighton score can predict joint arthralgia and dislocation/subluxation.
