This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Deployment of a Sapien3 Transcatheter Valve for Severe Tricuspid Insufficiency in a Patient with Non-obstructive Cor Triatriatum Dexter

1) Jeremy M. Bennett, MD, Assistant Professor, Division of Cardiovascular Anesthesiology, Vanderbilt University Medical Center, Nashville, TN. Primary author and echocardiographer.

2) Irida Nikolla, MD, Fellow Cardiothoracic Anesthesiology, Vanderbilt University Medical Center, Nashville, TN. Provided critical edits to manuscript as well as obtained echocardiographic images.

3) Antonio Hernandez, MD, Associate Professor, Division of Cardiovascular Anesthesiology, Vanderbilt University Medical Center, Nashville, TN. Provided critical edits for manuscript. Senior author.

Funding provided by the Department of Anesthesiology at Vanderbilt University Medical Center

All authors report no conflicts of interest involved in the production of this research
