To appear in:

Please cite this article as: Samad Ghaffari, Nariman Sepehrvand, Leili Pourafkari, Reza Hajizadeh, Elnaz Javanshir, Mehdi Nadiri, Nader D. Nader , Factors associated with elevated cardiac troponin levels in patients with acute pulmonary thromboembolism. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Yjcrc(2017), <https://doi.org/10.1016/j.jcrc.2017.12.023>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Factors associated with elevated cardiac troponin levels in patients with acute pulmonary thromboembolism

Title Page:

Factors associated with elevated cardiac troponin levels in patients with acute pulmonary thromboembolism

Running title: cardiac troponin in pulmonary thromboembolism

Samad Ghaffari MD, FACC

a) Professor of Cardiology

Nariman Sepehri, MD

b) Research Fellow

Leili Pourafkari, MD, FACC, FACC

c) Research Assistant Professor

Reza Hajizadeh, MD

a) Research Associate

Elnaz Javanshir, MD

a) Assistant Professor of Cardiology

Mehdi Nadiri, MD

d) Assistant Professor of Medicine

Nader D Nader, MD, PhD, FACC, FCCP

c) Professor of Anesthesiology

Affiliations:

a) Cardiovascular Research Center, Tabriz University of Medical Sciences, Tabriz, Iran

b) University of Alberta, Canada

c) University at Buffalo, Buffalo, New York, USA

d) Pulmonology Department, Tabriz University of Medical Sciences, Tabriz, Iran

Funding/grant: None

Conflicts of interests: None
