This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Diagnostic strategies and genotype-phenotype correlation in a large Indian cohort of osteogenesis imperfecta

Running Title: Osteogenesis imperfecta in India

Julia Mrosk^{1,*}, SriLakshmi Bhavani Gandham^{2,*}, Hitesh Shah³, Jochen Hecht^{4,5,6}, Ulrike Krüger⁵, Anju Shukla², Uwe Kornak^{1,4,7,#}, Katta Mohan Girisha^{2,#}
