Title: Adult rat morphine exposure changes morphine preference, anxiety, and the brain expression of dopamine receptors in male offspring

Authors: Nasim Vousooghi, Mitra-Sadat Sadat-Shirazi, Payam Safavi, Ramin Zeraati, Ardeshir Akbarabadi, Seyed Mohammad Makki, Shahrzad Nazari, Mohammad Reza Zarrindast

PII: S0736-5748(18)30030-3
DOI: <https://doi.org/10.1016/j.ijdevneu.2018.06.008>
Reference: DN 2273

To appear in: *Int. J. Devl Neuroscience*

Received date: 26-1-2018
Revised date: 27-5-2018
Accepted date: 24-6-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Adult rat morphine exposure changes morphine preference, anxiety, and the brain
expression of dopamine receptors in male offspring**
