Maternal immune correlates of protection against placental transmission of cytomegalovirus

Hannah L. Itell, Cody S. Nelson, David R. Martinez, Sallie R. Permar

PII: S0143-4004(17)30233-3

DOI: [10.1016/j.placenta.2017.04.011](https://doi.org/10.1016/j.placenta.2017.04.011)

Reference: YPLAC 3629

To appear in: *Placenta*

Received Date: 4 January 2017

Revised Date: 7 April 2017

Accepted Date: 13 April 2017

Please cite this article as: Itell HL, Nelson CS, Martinez DR, Permar SR, Maternal immune correlates of protection against placental transmission of cytomegalovirus, *Placenta* (2017), doi: 10.1016/j.placenta.2017.04.011.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
