

## Accepted Manuscript

Title: Adhesion and friction in hunting spiders: The effect of contact splitting on their attachment ability

Authors: Fabienne Frost, Stanislav N. Gorb, Jonas O. Wolff

PII: S0044-5231(18)30003-2  
DOI: <https://doi.org/10.1016/j.jcz.2018.01.003>  
Reference: JCZ 25531

To appear in:

Received date: 28-9-2017  
Revised date: 3-1-2018  
Accepted date: 3-1-2018

Please cite this article as: Frost, Fabienne, Gorb, Stanislav N., Wolff, Jonas O., Adhesion and friction in hunting spiders: The effect of contact splitting on their attachment ability. *Zoologischer Anzeiger - A Journal of Comparative Zoology* <https://doi.org/10.1016/j.jcz.2018.01.003>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
